SINGLE-DOSE SOLID BEADS DEODORANT
FR24COSMET.BALLEDEMATCH

OVERVIEW

“Balle de March” follows you throughout the effort, by neutralizing odors effectively thanks to two champion ingredients: ScentARC, a prebiotic that targets the specific microbiome of the armpits and ImerCare® 400D, diatomaceous earth with absorbent power. Its single-dose format allows application at the right dosage: one ball per armpit. Eco-responsible, this solid galenic melts on contact with the skin to transform into a creamy and comfortable texture. Its powdery finish and its power absorbent will leave you dry all day !
