

JIGGLE JELLY

COLLAGEN JELLY SERUM SAUK_536_A

OVERVIEW:

This fast-absorbing collagen serum features jelly-like texture enriched with light-weight emollients such as Witarix® MCT 60/40, Miglyol® 829 ECO, and Miglyol® 8810 ECO. These ingredients ensure a smooth application and high absorption without greasiness. To enhance the formula's texture and stability, Imwitor® 375, a light and effective emulsifier for an elegant finish. The serum contains CollPerfect™ P6, a bio-optimized collagen peptide that promotes procollagen I production and Boosts natural hyaluronic acid synthesis. Hydroviton® Insta supports cell renewal and significantly enhances moisture retention. The serum gets its pink colour from Sudacos™ Cardinal 3703, a skin-safe colorant that visually reinforces the product's youthful, K-beauty-inspired aesthetic.
