

# SEA RENEW

WELL-BEING SERUM

008.Y38

FACE

GP2024INCOS

## OVERVIEW

The honey-like texture of this transparent serum is obtained through the use of SAFIC' Care T A 80-400. Cekol® 2000 A acts as a texture enhancer with a unique sensorial profile. ElfaMoist® AC Humectant helps to provide longlasting moisturisation and MandarinClear HS brings clarity and shine from within. Nutecyl™ MB is a DNA protection peptide with an anti-glycation activity, while Defensyl™ MB is a skin strengthening peptide with anti-inflammation properties.

Phase	Trade Name	Supplier	European I.N.C.I. Name	Function	%
A	Demineralized water	/	Aqua	/	89,50
B	SAFIC' Care T A 80-400	SAFIC-ALCAN	Algin	Rheology modifier	1,00
