

TIMELESS ELIXIR

OIL SERUM WITH WATER DROPLETS

031.I17

FACE

GP2025PL

OVERVIEW

This serum boasts an innovation with aqueous droplets suspended within a clear oily gel thanks to EstoGel® Green, providing a sensorial experience like no other. With Citropol® V6, Harmonie™ Soft Fluid and Camellia Oil, it effortlessly penetrates the skin. While Quintup™ CC-MB stimulates the collagen production and protects its degradation, which brings long-term anti-ageing effects, Happybelle O provides intensive hydration, leaving the skin looking smooth and luscious. Aqueous droplets formed by HyaluGuard protect hyaluronic acid from breakdown and increases the moisture content of the skin, thus reducing wrinkles and skin sagging, leaving you with a youthful, revitalized complexion by morning.

Phase	Trade Name	Supplier	European I.N.C.I. Name	Function	%
A	EstoGel® Green	POLYMEREXPERT - part of SOLABIA GROUP*	Hydrogenated Castor Oil/Sebacic Acid Copolymer	Oil thickener & suspensive agent	4,00

PROCESS

PHASE A : Heat up to 80°C under slow stirring for 30 minutes until homogeneous.

Cool down to 40°C under stirring.

PHASE B : Pre-mix then add it to phase A and homogenize under slow stirring.

Cool down to room temperature under stirring then stop stirring.

PHASE C : Stir until dissolved then add it to phase AB and slowly homogenize manually to create the water droplets.

PROPERTIES

APPEARANCE : Clear oily gel with dark blue aqueous droplets.

VISCOSITY : N/C.

pH : N/A.
